

Florida State Representative (District 75)

Candidate Question- 2024

Name: Danny Nix, Jr.

Date: 6/1/24

Why are you the right choice to be the State Representative for Charlotte County?

I believe that we all have a calling to help our neighbors. I know I can use the experience I have amassed to be an asset, and I will fight tirelessly for every Floridian's freedoms. As a lifelong conservative whose most cherished values are faith in God and love for our Constitution, I insist on using these values to hold state and local governments accountable.

What initiatives do you propose to improve access to affordable homeowners insurance for the residents with our district?

Great strides were made in 2023. It's difficult but we have to let the historic 2022 legislation "settle" to see how the bill is working or not working (INITIAL trend lines are positive regarding new investment capital, Citizens Depop, reinsurance capacity, and less litigation) before seeking additional changes. The end of course is to make insurance more available, more affordable, and more reliable. We have to get this right. We can continue incentivizing home hardening with more funding for the My Safe Florida Home grant program and removing sales tax from the items used for home hardening and resiliency, and potentially a loan that's paid back in a manner similar to Hometown Hero's down payment assistance program.

How do you intend to support small businesses and foster economic growth within our community?

Remove the business rent tax entirely. This is a burdensome tax to our entrepreneurs big and small that needs to be removed.
