What are the Charlotte County Public Schools' greatest strengths and how do you plan to support them?

The Superintendent's Career Strategic Plan is the greatest strength from the school district. The plan can be improved and supported by locating private business and enterprise and inviting them to the schools to engage with students and have a plan between the students and the potential employer to get on the path and have a job as soon as student graduates.

What is Charlotte County Public Schools' greatest areas of opportunity and how do you plan to address them?

The greatest area of opportunity is instruction on civic rights and basic aspects of life. We can commit to instruct students about their constitutional rights that are guaranteed to them in the constitution in the civics subject and also instruct them on basic finances such as balancing a checkbook and making a deposit at the bank. We can partner with our local banks in that education.

Why are you the right choice for the Charlotte County School Board?

I am the right and also unique choice for the Charlotte County School Board because I am a recent graduate of Charlotte High School Class of 2024 and I know what the instruction inside the classroom consists of and as a student, I went through hurdles as a student to get what I wanted done in my political activism. I am running for school board because I care for all of our citizens and various aspects of our community believes in me and what I fight for.
